Wayne State University

Dear Detroit Area Phi Beta Kappa,

I wanted to express my sincere thanks for receiving a scholarship from your organization. As a first-generation college student, The Detroit Area Phi Beta Kappa scholarship will help relieve some of the financial stress of attending university. I am in the last year of my undergraduate studies at Wayne State and will graduate with a dual degree in History and Sociology in the winter of 2025. This scholarship will support me greatly in obtaining my degrees.

I will be continuing my studies at Wayne State and will obtain my Master's in History by the end of 2026 through Wayne State's Accelerated Graduate Enrollment program. Much of my research has been on the rich history of Detroit and receiving this scholarship has motivated me for my future studies. I have worked very hard throughout my academic career and receiving this scholarship reminds me that my hard work has been worth it!

Thank you again,

Arial Greene
